

CONTINUATION OF THE GREAT SALE AT THE GLASGOW WAREHOUSE.

THIS Sale will be continued until the end of this month. We remain our friends of the GREAT SALE who are offering, both in BELLEVILLE and in the City of Montreal, the best of the season at very low prices. We have sold many of the goods during the last two weeks, but have still a few left that we will close out very cheap, as we must clear them all off by the end of this month. Our purchases for the Fall Trade will be made in the next few days, and we must have more room for them. We are offering some Very Cheap Tapestry and Union Carpets. Some very fine Union Carpets at 40c per yard, and other lots of Tapestry at 35c. They are decidedly the cheapest in the market.

BELLEVILLE, MONDAY, JULY 31.

City and Vicinity.

Four prisoners were in the cells last night. JOHN BELL, European, and Miss Bell arrived from Europe, last night. D. COLLIER, Tally Clerk, has had his salary raised to \$2 per hour. The Credit Club have decided to allow cows to pasture in the cricket field. The rate of assessment of the city for the present year will probably be about 20 mills, all told. An old Irishman named Michael O'Neill was brought up this morning on a charge of drunkenness. He was discharged. The "Woodbine" Restaurant was opened last night, and was very liberally patronized by the regular frequenters of saloons. Mr. JOHN BELL, who has been for five years in the hardware trade in Chicago, is spending a two weeks' holiday here visiting his relatives. Mr. and Mrs. J. B. FAYE have been going up by way of the upper lakes going up the south side and returning on the north side. COLE LATER, on behalf of the officers of the 11th Battalion, petitioned the City Council last evening for an appropriation of \$2,000 towards the erection of a drill shed. The *Katie Gray* returned to Trenton on Monday morning from a trip to the West. The *Island* Brothers, French, left for Ogdensburg. The cruise was a most enjoyable one. It is probable that the "Maple Leaf" Lacrosse Club of Kingston will visit Belleville in the course of two or three weeks for the purpose of meeting clubs with the Okeas.

ALD. DICKSON introduced a by-law last evening which provided that no person should be admitted to the city hall as a spectator of any persons who will not have paid in their taxes on or before the 14th of December.

This party of gentlemen who went from Belleville to England on board the *Allan* steamer *Parthenon* have been having a most successful cruise in the latter time record, that vessel having made the journey in 6 days and fourteen hours.

To-day is the anniversary of two important historical events, namely the capture of the city of Quebec by the British under Admiral Mordaunt in 1759, and the capture of the city of Quebec by the British under Admiral Mordaunt in 1759.

The standing clock yacht *Orisago*, of Oswego, is with her owner, Mr. John T. Mott, and a jury party, on the lake. The little craft is a handsome, fitted out. The *Orisago* is a fast sailor, but is not much in a light breeze for the *Katie Gray*, which easily beat her on the way up.

The match between the Belleville and Napanee Cricket Clubs to-morrow will be worth the attention of those who take an interest in this noble game. The Belleville team will probably be composed of the following:—H. E. Hodgson, E. Corby, J. D. Clarke, H. Halliwell, Farrar, J. Soley, J. Jenkins, W. N. Thomas, W. Feden, E. Rogers, W. Roberts.

A MAN named Joseph H. Parr took possession of a dog in Mr. Burdett's law office yesterday. He appeared, had decided some property to his daughter three years ago, in order to have it in his creditors' hands, as he was the owner of the dog. Parr married the daughter, very soon learned that she was having a child, and he was very angry. He was very angry. He was very angry. He was very angry.

The steamer will leave the wharf at 8.30 a.m., 3 p.m. and 5 p.m., returning will leave the Point at 8.30 and 10 o'clock p.m. Tickets 25c, children half price.

A RICH CROWD.—That was a crowd of very high-spirited and footsore young gentlemen who came to Belleville yesterday afternoon on board the excursion steamer *Parthenon*. It is to be expected that they will stay here for a few days, and then they will go away from their native Kingston to take a holiday they will be far away from Belleville as possible. They were, without an exception, the roughest crowd ever visited Belleville, and a crowd (we hope and believe) as Belleville could not turn out. They must have been the drogue of Kingston society. They made night hideous with their howls, obscenity, and shouting and singing, and during the day did not appear to place any restraint on their words and actions. All the hotel keepers agree that such a row of revelry has never been seen before in Belleville. The rough crowd, however, did not stay in the city, but they did not state that some of them, if they were followed by their checks, poured forth a torrent of abuse on their opponents and called them vile names. Though it was only two or three miles from the city, the row was so loud, and the crowd was so large, that the city was filled with the sound of their voices. They refused to play any more, although the "Okeas" offered to pay their expenses during the remainder of their stay in the city and secure them a passage to Kingston on the midnight train. If they would only remain in the city, they would only remain in the city, they would only remain in the city.

A GAMBLING SCANDAL.

"Okeas" and "Earls" yesterday afternoon as a "game," because it was not a match, although it might have been. That more than one game was not played was not, however, the fault of the house. Though only one game was played, that game took as long in the playing as many matches. It was fought with an energy and a determination which towards the close of the game grew absolutely fierce on both sides. Play began at 20 minutes past 3, and continued (with two or three brief interruptions) until 10 o'clock. The game was played in the Kingston Club by O. Greas. At the outset, the ball was almost constantly in the Kingston goal, and several drops were made for the flag, which were splendidly stopped by the Kingston goal-keeper. But the "Earls" soon warmed up to their work, and several very straight shots were made for the flag, which were splendidly stopped by the Kingston goal-keeper. THE WAR IN EGYPT.

THE KHEDIVE FIRES THE ENGLISH CARTE BLANCHE.

THE CONFERENCE BROKEN UP.

England will Proceed Alone.

Great Enthusiasm in England.

ALEXANDRIA, Aug. 1.—The Khedive in a letter giving carte blanche to the English operations against the British and in Egypt, earnestly requests England to refrain from desiring to send a sufficient force to be on hand to protect life and property, so as not to repeat the disaster at Alexandria.

London, July 31.—The Egyptian Conference has been broken up by the virtual withdrawal of Russia, for reasons best known to herself, from the deliberations. The British Ambassador before the Conference broke up England's intention of proceeding the date of resuming the Egyptian Conference had been forced on by Turkey's inactivity. D. Lussan continues his fanatical campaign, and has succeeded in doing much harm by his rash and senseless utterances. It is probably chiefly through his instrumentality that the French Government has been prevailed upon to indignantly reject the French ultimatum, and after many of its subjects have been massacred and are still in danger. The French residents of Port Said have protested against the proposed withdrawal of their fleet, and will seek the protection of the United States fleet. Yesterday the Grenadier Guards embarked for the sea of war, the will enthusiasm which is shown by the British public on this question. The motion for the despatch of Italian troops to Egypt was carried in the Chamber by an overwhelming majority. Sir George Walpole has recovered from his sickness, and will start for the seat of war on Friday. Meanwhile Arabi is doing his best to strengthen his position, and to excite and encourage his followers.

A Land Agent's Story.

There is a land agent who, whose in-
vention must be as fertile as the land he tries
to sell, if a paragraph which is now going
the rounds of the press is true.

A pretty good story is told about an agent
Miller, of the Atlantic, Toronto, and
St. Catharines, who, one day, had a
party of Eastern farmers in town, trying
to sell them a farm in the Arctics.

"Miller had taken them to his
light wagon, and behind the spanking team
of bays had driven them a grand ride, last-
ing all day. He had done his best to make
them enthusiastic, by rehearsing the stories
which he had at tongue's end, of the mar-
velous fertility of the valley, but to all in-
quiries he was 'love's labor lost,' for they
would not enthuse. This annoyed Miller,
but he had his revenge in his reply to one
of the party, who, with a sarcastic smile,
asked:

"Well, Mr. Agent, is there anything
that you can't grow?"

"Yes," replied Miller, "pumpkins won't
grow."

"What?" exclaimed the cynical land-
owners together, "pumpkins won't?"

"No," said Miller, "there are men in
the valley who would give \$500 an acre
for land that would mature a crop of
pumpkins. They have never been able to
grow them, however, and that is why."

"Why not, Mr. Agent?"

"This is Miller's chance, and with a
sneering smile he replied: 'Well, the soil is
so rich that the vines grow so fast,
that they wear the pumpkins out in
drawing them over the ground.'

Aboukir.

A FAMOUS AND HISTORICAL BATTLE—PREVIOUS DISASTERS AT ABOUKIR.

On two occasions in modern warfare Aboukir has been rendered famous and historical. It is probable that before many days have passed away Aboukir will be famous and historical yet a third time.

Following the railway line which skirts the Mediterranean shore from Alexandria to the traveller proceeds through Rosetta, and thence past several insignificant fishing villages, the chief of which is El Mandara, until he reaches the point of Aboukir, at a distance of between 15 and 16 miles, from the sea.

Close to the promontory stands the village of Aboukir, and not far from it is a small town called El Mandara, which is the headquarters of the British forces.

On the 1st of August, 1801, the British fleet, under the command of Admiral Nelson, defeated the French fleet, under the command of Admiral Brueys, in the battle of Aboukir.

The battle of Aboukir was one of the most important battles of the Napoleonic wars, and it was the only battle in which the British fleet defeated the French fleet.

The battle of Aboukir was fought on the 1st of August, 1801, and it was the only battle in which the British fleet defeated the French fleet.

WHO CAN SELL SEWING MACHINES THE CHEAPEST?

THEY CAN BE HAD AT THE CHEAPEST
AT THE FACTORY.

20 years' experience, steam power and good
machinery, enable me to give my customers
the best value. Parties desiring to get a first class
machine, would save money by getting the
HARVEY STEAM. I have good working ma-
chines of other make, family and manufacturing
on hand very cheap. I also have the
machines I can also manufacture between
Montreal and Hamilton.

Remember the place, at Mount
Brown's, Family St., Belleville.

A POLITICAL RETROSPECT.

The Helpless Position of the
Reform Party.

Mr. Blake's Treachery and Selfish
ness Shown.

(The Editor of the Mail.)

Sir,—After a storm there is usually a calm.

After the election field-day there is a pause.

An opportunity is thus afforded to review

the situation, and ascertain how the two

parties stand. Those who have stood neutral

in the past, whose sympathies have been

with the Reform party, will now have their

views clearly defined. It is a situation

which will be remembered for a long time.

It is a situation which will be remembered

for a long time. It is a situation which

will be remembered for a long time.

A man entered his house yesterday and, according to his own story, inquired for his daughter, David, and the intruder gave him a black eye which Sullivan would have been proud to inflict. David then, to ease his mortification, resorted to the following blow, which was arrested by the police. He was brought before the Mayor this morning and was dismissed.

We have been requested by Mr. Livingston Burns of the Deaf and Dumb Institute, to state that Mrs. Olinde was present at the investigation which was held at the Institute on the 9th by Inspector Christie, also that there were only two persons connected with the Institute who were to have attended the private picnic referred to in the article, yesterday's issue about Mrs. Olinde's case, and that two were Mr. McDonald and Mrs. Olinde herself.

Ten laborers left tonight at the grounds of W. H. Panton, Esq., in aid of the W. C. Association, should not be forgotten.

While at Deseronto last night the Oddfellows Band serenaded the Messrs. Rath, by whom the compliment was appreciated.

The opening air service will be held at our City Mission Building this evening, at 7:30 and will be conducted by Rev. A. T. Marshall and D. McNeill.

An error occurred in the report of Rawdon Council, July 3rd, in the account where the name "Charles Smith" occurs it should be Charles Wright.

Three "Pioneer" boys of Kingston desire us to return their thanks to their brethren and other friends in Belleville for the courtesy shown towards them yesterday.

A large quantity of fruit was stolen from Mr. Geo. Ball's garden, Cedar St., Belleville, Tuesday night. The thieves in this city are getting more and more frequent.

The Winnipeg Times of the 18th says:—"A. G. Finemiller sold for Mr. Campbell, of Belleville, Ont. 14, Main st., opposite the Hudson's Bay and office, for \$700 per foot."

And now the farmer smiles as he gazes upon his immense crop, and sighs as he reflects that as other farmers have immense crops too, the price must soon tumble. Life is full of mystery.

Tax day of the excursion to be run by the Belleville Branch of the Brotherhood of Locomotive Engineers has been fixed for Thursday next, the 31st. It will be run by Campbellford.

Three drunks were brought before the P. M. this morning. John Blair and W. C. Gray were allowed to go, and John Rath, who was disorderly as well as drunk, was fined \$2.00 and costs.

Mrs. Lingham, Corby, Brignall, Wallbridge and Bullen sail from England for home to-day. There will also sail on the same steamer a lady who is coming to Belleville to be the bride of a well known citizen.

The members of the latter club need all the practice they can get.

Ten Belleville Quoit Club are willing to play either the Peterborough or Campbellford Club if they are allowed three days rest, and will play either at Belleville or Peterborough or Campbellford.

The local players are sporting for a match.

Two women and Frank Channel, the two young men who were arrested yesterday for stealing a gold chain and looking from Bill's office, were brought before the Police-Magistrate to-day. They were committed to the Magistrate's lock-up and view of this case and sentenced Wainfleet to two months in goal and Channel to one month at hard labor.
